

CXT INCORPORATED
Contract TXMAS-5-560100

Dear CXT Customer,

CXT Incorporated is pleased to offer our entire product line through the Texas Multiple Award program (TXMAS) to our State, County, Municipal and School District Customers. Participation in the TXMAS program is optional and allows for the state and local government agencies to access the same pricing that was previously only offered to federal government agencies through GSA. The pricing has been deemed reasonable and competitive and allows for open competition. Open competition secures the lowest possible price without bidding. State and Local agencies may select the products that represent the best value to that agency and send the purchase order directly to CXT.

By using the TXMAS program you essentially agree to recognize the TXMAS contract as the governing contract. Separate contracts are not permissible under TXMAS and CXT will not sign separate agreements outside of the TXMAS contract or provide bonding or additional insurance requirements with individual state or local agencies. Agencies requesting separate agreements or requiring additional terms outside of the TXMAS contract may eliminate their ability to purchase off the contract which will result in a higher price since the discount would not be available for non-TXMAS orders.

Purchasing a CXT building is easy when using the TXMAS contract. To place an order please contact us at:

CXT Incorporated
Att: David Rogers – Territory Sales Manager
901 North Highway 77
Hillsboro, TX 76645
(800) 696-5766
drogers@cxtinc.com

More details can be found online at: <http://www.window.state.tx.us/procurement/prog/txmas/> or by email at: txmas@cpa.state.tx.us or by telephone at: (512) 463-8839

We look forward to serving the needs of our State, County, Local, and School District Customers in Texas. Thank you for considering a CXT Precast Concrete restroom or utility building.

A SUBSIDIARY OF
LB Foster
